

As we continue to manage through the fight against COVID-19, Kaiser Permanente is committed to making sure that our customers have all the latest information.

By temporarily consolidating smaller facilities, we can help to support a potential surge in the number of people who are in need of hospitalization, meet the critical need to conserve Personal Protective Equipment (PPE), guard against potential staffing shortages, and limit exposure to the virus for our members, employees, and physicians.

Members who were scheduled for appointments, or have an active prescription, have already been, or will be, contacted this week. If they have prescriptions waiting to be picked up at one of the closed locations, they can fill them at any Kaiser Permanente pharmacy. We also recommend using the mobile app or visiting kp.org/rxrefill.

As we learn of any additional facility closures we will update you.
